Goes together easily, you can build it yourself or have us arrange installation for you.

FLEXIBLE PACKAGES!

We can work out a custom materials package for you, no problem!

GARAGE PACKAGES

Have a look at these features included with all garage packages from Windsor...

OSB Exterior Wall and Roof Sheathing. Cuts and nails easily and approved for exterior sheathing. OSB can be stained or painted.

Kiln-dried Spruce Framing. Pre-cut studs for framing on strong 16" centers for garage wall construction.

Deluxe Raised Panel Insulated Steel Entry Door. Prehung door unit with primed, rabbeted jamb, aluminum sill and weatherstripping. Left or right hung. A keyed entry door lockset is also included.

Overhead Sectional Garage Doors. Double garages come with a 16'x7' insulated garage door and a 9'x7' door is included with each single car garage. Ask about optional twin insulated 9'x7' doors on double garages.

YES! We can handle custom sizes, just ask us! We'd be happy to design and calculate a package to suit you.

OPTIONS

Standard gable roof garage sizes with prebuilt trusses and optional cottage roof style sizes with pre-cut component roof systems. Other options:

- prefinished aluminum soffit & fascia or economical all wood
- one 16'x7' overhead garage door or two 9'x7' overhead garage doors
- your choice of current roof shingle colours to match your home

CUSTOMIZE WITH THESE EXTRAS

- Aluminum or cedar siding can be special ordered if needed to match your home to cover the OSB wall sheathing.
- Upgraded shingles with a longer warranty or specialty features like interlocking tabs, etc. can be included at a slight upcharge.
- Slider or Venting Windows.
- Overhead Sectional Garage Doors may be upgraded to include more sections, varied panel designs, or decorative glass inserts. Different sizes can also be ordered. The 16'x7' door in each double garage can be exchanged for twin 9'x7' doors. Brand name doors are available and can be substituted into your package at a very reasonable price.
- Insulation and Garage Liners are also available. Fiberglass insulation comes in appropriate sizes for the walls and ceiling. Drywall and various other inexpensive panels can be used to finish your garages interior to suite your own needs.
