

# ndle on Things!

*Aurora style gripset*

Customized Security.

Quality and innovation from a name you can trust. These Smart new products offer you control, convenience and peace of mind neatly contained in extraordinary new technologies unique to Weiser Lock. And all of this technology comes to you in the distinct styles and designer finishes that you've come to expect from Weiser Lock - what a Smart idea.

- Able to re-key your locks in minutes
- SmartKey allows you to change your locks as often as you like. Its easy to provide temporary access to your home for neighbours or cleaning service and still feel in control
- Have one key that operates all the locks in your home

## Home Security

Styles for every level of home security. Features a sturdy 1" throw. When extended, the bolt is locked into position and cannot be forced back. Concealed free-turning hardened steel roller deters saw-through.

*Free Turning Collar surrounds the cylinder mechanism to resist pipe wrenches or pliers attacks.*

*Free turning collar & tapered edge is the best of both. Combines benefits of both styles.*

### Powerbolt Keyless Door Locks

Operates on just 4 AA batteries and permits access with your personalized code or key.

*Pisa style lever*
