Tile Look Laminate Flooring

New Dimension

This laminate flooring line takes its essence from the most beautiful ceramic design styles. With its natural appearance, the amazing new Synchronized Textured finish gives more dimension and realism.

- The look of ceramic, without using any thin set, grout, mortar or trowel

- Can be installed by any do-it-yourselfer
- Won't crack and is groutless
- Is flexible (requires less sub-floor surface conditioning)
- Four-tile plank design makes it quick and easy to install.
- Certified E1 (low formaldehyde)
