Mix & match styles to get the look you're after

Decorative Columns & Telepost Covers

Trim-Rite MDF

Ideally suited for anyone looking to add a sense of elegance to their home with all the luxury of customizing columns to their own personal style. Cut-To-Length design allows you to achieve a custom built look without the extra expense and time involved with custom ordered columns. Each column is available in a solid one piece or split two piece configuration. The split columns are a great solution for cover teleposts or as decoration for custom cabinets.

Telepost Covers

This telepost cover design combines superior quality and affordability in one simple telepost finishing package. This has solved the popular problem of how to elegantly cover the exposed teleposts in your home with an easy, attractive and affordable package! Includes:

- 90" QUICKCOVER column
- top cap & bottom base set
- installation instructions
