

Prefinished Vinyl Lattice Panels

Never Needs Painting!

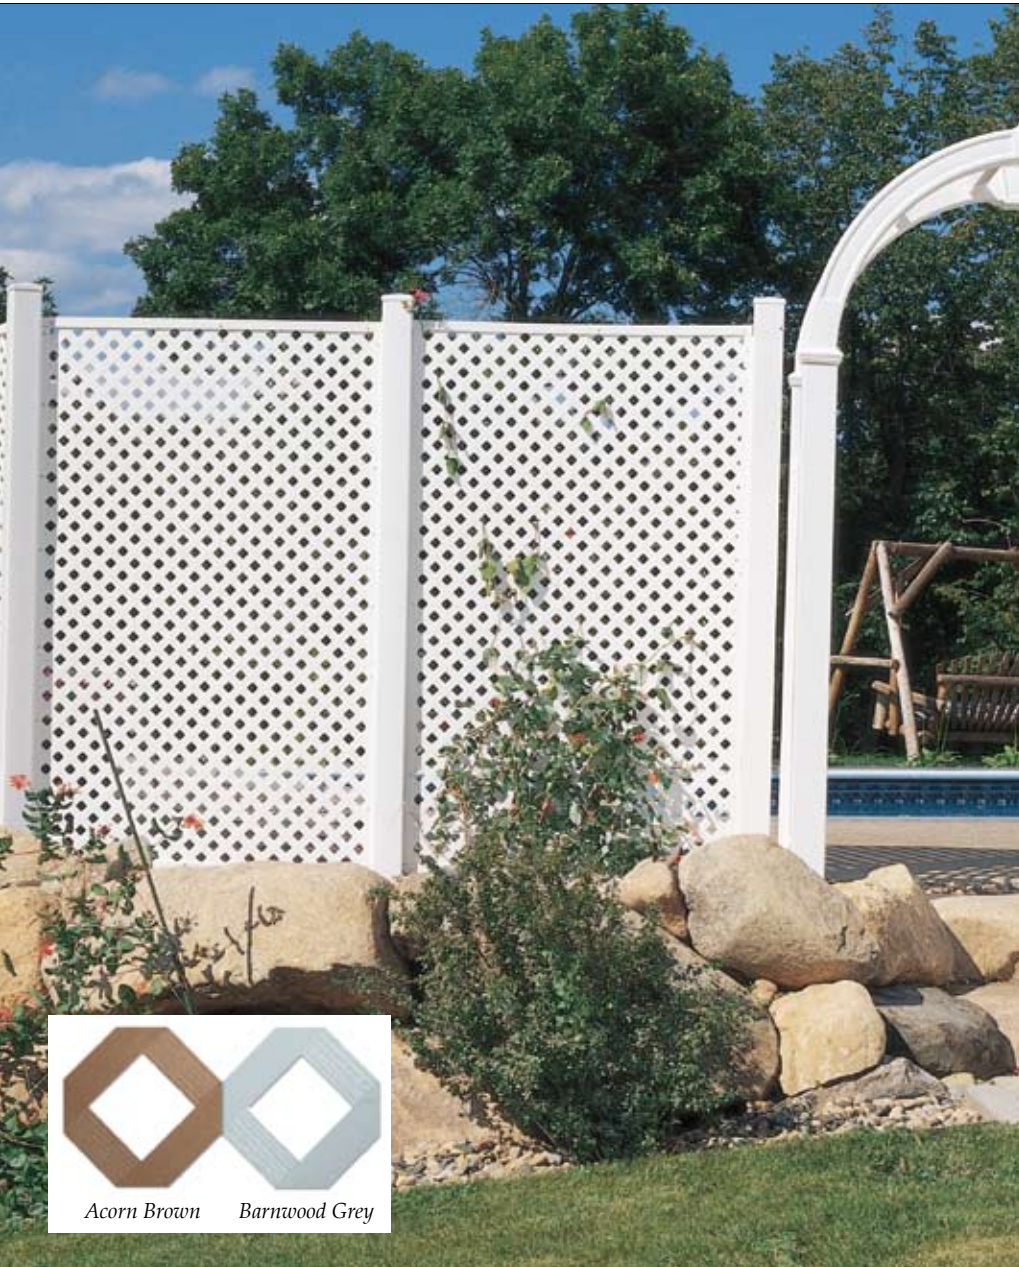

The perfect way to accent pool areas, gazebos, porches, patios, garden areas and decks. Manufactured from High Density Polyethylene recycled plastic and comes with a full year manufacturer's warranty. 4' x 8' Sheets

The only maintenance required is the occasional wash. Perfect for accenting pools, gazebos, porches, patios, gardens & decks.

Will not be affected by water, rot, mildew, insects or household chemicals. Master lattice is made of recycled plastic with solid colour throughout.

Manufactured by one of the largest & experienced recyclers of HDPE plastics, which includes milk jugs, juice & soda bottles.

Panels are available in Traditional or Privacy style.

Acorn Brown

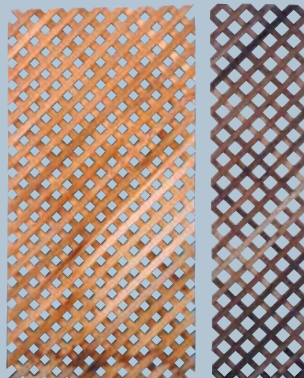

Barnwood Grey

Wood Lattice Panels

Quality Construction! Whether you are topping off the fence, skirting your deck or just building a trellis for your climbers, lattice panels are what you are looking for. Generally available in 2' x 8' or 4' x 8' panels in both light weight or heavy weight construction.

Available in Cedar or Treated.

Landscape Ties & Timbers

Landscape ties are perfect for raised flower beds or used as edging. And our timbers are great for more substantial projects. Pressure treated; which resists rot and insects.
