

Door Shop Services

Design Your Door!

Interior French Doors or Exterior Doors with Decorative Glass.

Any time you add glass to a Windsor door, you can customize it to suite your individual style and budget.

1 Select Door

Create a great first impression to your home with some good help from Windsor's door department. First step is to select which style door best suits your needs.

2 Select Glass

Next step is to choose from Windsor's huge selection of decorative glass lites.

3 Installation

Do the installation yourself and save or ask us to help out.

Replacing Your Doors is as Easy as 1, 2, 3 with Windsor!

1 Bring in Your Old Door

Take off your existing doors & door hardware and bring them in to Windsor.

2 Door Machining

In Windsor's Door Shop they will measure the exact spots for the hinges and door knob using your old door as a template. A little drilling and mortising and you're on your way!

3 Install New Door

Install your hinges and door knob in the predrilled spots, hang your door in place and your done! Easy!

Note: In some instances final adjustments maybe needed.

Door Shop Services

We've got everything you'll need to install your new door... Lock sets, hinges, shims, door stops etc. At Windsor, we offer complete door shop services, including prehanging, drilling and mortising for hinges and knobs, and installing glass.

Need Odd Sized Doors?

No Problem! A lot of older homes have non-standard sized doors, we can source these for you, just ask us. Custom sizing is also available.

New Construction?

No Problem! Just bring us your house plans for a no-obligation quotation on your door needs.
